

PERE  
MARQUETTE

## The Value of The Pere Marquette to Michigan

Did you ever stop to think what the Pere Marquette Railroad means to the State of Michigan—to this Community—to YOU?

Has it ever occurred to you what a factor the Pere Marquette is in the development of our State? This year it has brought into Michigan over a thousand families to settle on our undeveloped lands.

Do you realize how the Road connects up the cities and towns of Michigan, so that business between them is made easy and social intercourse possible—how, through its big gateways, Chicago, Toledo, Milwaukee and Buffalo, it puts us all into touch with every other city and town in the country?

That it has 1800 miles of track in Michigan?

That it serves 45 Counties of the State with a population of more than two million people?

That the Pere Marquette runs nearly a hundred passenger trains a day?

That it carries more than five million passengers per year?

That it moves over twelve million tons of freight a year?

That it requires more than four hundred locomotives, nearly as many coaches, and more than sixteen thousand freight cars to do business every day?

That it employs more than ten thousand people?

That its payroll amounts to seven and a third million dollars a year?

That most of our people live in Michigan and most of their wages are spent in the State?

That it pays this commonwealth in taxes more than one half a million dollars a year?

That it is the only Railroad that many Michigan communities have, and because it runs "All Over Michigan" it is the most important line into those towns and cities having more than one Railroad?

The Receivers are trying to pull it out of its difficulties and put it on its feet for the benefit of the people of the whole State. Are you helping? Are you boosting? Are you giving it your patronage? If not, begin now. Every passenger fare counts, and so does every pound of freight. Give us the business to do, and we will give you the service.

## HEAR WITHOUT EARS

Police and Detectives Are  
using Lip Reading in  
place of the Dicta-  
graph

Thousands of deaf people are today throwing away all hearing devices and enjoying all conversation. This method is easily and quickly acquired thru our system. Absolutely the only thing of its kind in the country. Our proposition is entirely original. We guarantee results. It will amaze you. Cost is trifling. See what New International Encyclopedia says on Lip Reading. Hundreds of people with normal hearing are taking up Lip Reading for the many additional benefits gained. You can understand what the actors are saying in the moving pictures. You can understand what people are saying just as far as you can see them. The eye understands better the range of hearing. Send no money, but mention this paper and state whether or not you are deaf. All particulars will be sent you absolutely free and with no expense to you. ## THE HEART OF LONDON.

Where the Land is Valued at Over  
\$16,000,000 Per Acre.

There is an amazing price set upon the land of London. In the center of the English metropolis tiny lots have been sold for fortunes.

An acre there is the dearest in the world. Many a transaction over ground in the heart of the city has set the figure of \$16,250,000 per acre. One square mile of London is valued at \$750,000,000. The land beneath the Bank of England at low estimate is worth \$35,000,000, and there are only three acres in that tract too.

There are places on Queen Victoria, Upper Thames, St. Mary-at-Hill and Cannon streets where one square inch is worth \$125. In Lombard street and King William street prices have ranged from \$200 and \$250 to \$350 per square foot.

Cornhill property has been bought for more than \$12,000,000 an acre. Thread-needle street land for \$350 per square foot, and a church in Austin Friars, not such a large church either, was tempted with an offer of \$5,000,000 for the land beneath it.

The steady lifting of London land in price has brought fabulous riches to the owners. Families have risen to prominence on no other ground than that they owned small bits of ground in valuable sections. Rents are high there, and sales have made owners permanently wealthy.—Philadelphia North American.
